

GIS247

Expert knowledge, flexible training

Providing e-learning for GIS users

www.gis247.com

WHAT IS GIS247?

GIS247 is a total e-Learning solution for GIS. We provide training courses in ArcGIS and MapInfo Professional and GIS Essentials modules.

Our self-paced learning is comprehensive, flexible and affordable and we provide a full range of training courses and technical modules for all levels of GIS user. A single site that can meet **all** of your GIS training requirements 24 hours a day, 7 days a week.

Accreditation

All our training courses are accredited by the AGI and GIS Certification Institute.

Training Assessment

GIS247 offers a full assessment process and certificate of proven developed skills.

E-LEARNING BENEFITS

All our courses are provided through e-learning which offers distinct advantages as a flexible and self-paced training approach.

- Access to comprehensive training courses at a significant cost saving compared to traditional face-to-face courses
- A resource that you can access at a time and location of your choosing
- A training resource you can repeat as often as necessary giving a unique opportunity to consolidate learning
- Download data and complete exercises as many times as you want
- Opportunity to undertake follow-on training (and further up-skill staff) at no extra cost
- Train at your own pace so that learning is a positive and enjoyable experience
- Courses are more detailed and thorough as there is no time constraint with e-learning
- Opportunity to widen the provision of training to additional staff at no extra cost
- Provides a constant source of on-line support

LEARN

LICENCE INFORMATION

Access to our training is via licences, with 3 types available. A licence can be for unlimited training for ArcGIS or MapInfo or both.

Each licence provides 12 months of unlimited access to all material for your chosen software, including technical modules and GIS Essentials. Also you will get access to the free user assessment program and user training management.

Just choose the licence that caters for the number of users that require training; whether it is for 1 person, a small group or even an entire organisation we have the solution.

Set User

A flexible solution for individuals and groups of up to 9 users - licence for your specified number of user accounts.

Ultimate

For organisations with more than 10 users. Unlimited user accounts – giving the opportunity to train as many as you wish.

Charity / Academic

A great value solution for academic institutions and charities - up to 60 user accounts.
