# Are you 'job ready' with hands-on GIS skills?

Have you thought about e-learning?

GIS247 is **the** leading provider of e-learning for technical courses in ArcGIS and MapInfo Professional.

In conjunction with Location Source, GIS247 is providing the opportunity for students to have unlimited access to their e-learning courses in ArcGIS at a special discounted rate, saving over **20%!**

Student access to GIS247 will give you unlimited access to the following courses for **12 months**:

- Beginners Guide to ArcGIS
- Intermediate Guide to ArcGIS
- Mastering ArcGIS
- Advanced Guide to ArcGIS
- Advanced Editing with ArcGIS
- Spatial Statistics & Analysis with ArcGIS
- Linear Referencing with ArcGIS
- Spatial Analyst Extension for ArcGIS
- What's New in ArcGIS v X
- Educational presentation in the GIS Essentials series
- A number of technical solution modules in using the ArcGIS software

All training courses are comprised with repeatable presentations and hands-on exercises. All courses are accredited by the AGI and GIS Certification Institute.

In addition you will be fully supported by our integrated Learning Management System and also have the opportunity to be awarded a skills assessed certificate for each training course.

Discounted rate to Students is £400 for a full 12 months unlimited technical e-learning.
